

My family listens to KLOVE every day of the year for many hours. I am thankful to have a positive and encouraging station that my family can listen to, and that I trust the content of the music and programming. Please allow Klove to continue as is so that our community can continue to grow in faith and love and that family values will continue. KLOVE is a positive influence in the lives of our communities and is a way of tying the entire nation together delivering the same positive message.
